

SP30 Integrated PINpad

PAX's SP30 fits comfortably into the palm of a hand, offering everything merchants could want in a sleek, stylish payment device, providing unsurpassed security and reliability. It redefines the PINpad.

The SP30 provides the smallest footprint with the largest user interface-128 pixel x 64 pixel LCD with 4 lines of display-to ensure perfect readability and better branding opportunities.

The high-speed processor and large memory support a broad range of payment and value-added applications. The SP30 offers a contactless card reader, a magnetic card reader, and an IC card reader.
